Broadway Books, 2008. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Two brilliant theorists offer a true-to-life account of their quest to solve one of the deepest mysteries of the cosmos." Sir Martin Rees, Astronomer Royal and President of the Royal Society, author of *Before the Beginning* "Paul Steinhardt and Neil Turok, two architects of modern cosmology, have written an accessible and engaging account of their exciting new theory of cosmic origins. Should their approach someday be confirmed, it would result in a major upheaval to our understanding of how everything space, time, and matter came to be." Brian Greene, author of *The Elegant Universe* and *The Fabric of the Cosmos* "For the past twenty years, the combination of the big bang theory plus inflation has offered cosmologists an unbeatable one-two knockout punch . . . But the standard model finally has a worthy challenger." Robert Naeye, *Mercury* "Perhaps you don't believe in strings, or extra spatial dimensions, or D-branes, or that the universe's accelerated expansion may someday reverse. But I urge you to suspend such views and read Steinhardt and Turok's dramatic and very readable account of their cyclic model of the universe. It may well be closer to truth than you think!" Sir Roger Penrose, Rouse Ball Professor of Mathematical Physics at Oxford University, author of *The Emperor's New Mind* and *The Road to Reality: A Complete Guide to the Laws of the Universe*.
