Brand New Book ***** Print on Demand *****.Perhaps one of the most overlooked element of the Islamic propaganda apparatus is their network of support within the American business community. Like their communist and Nazi counterparts, Islamists and Arab Socialists exploited the greed and globalism of American big business for their mutual benefit. Often, such relations were clearly detrimental to the national security of the United States and allies such as Israel. In this short book, author Nevin Gussack discusses the linkages between American big businesses and their lobbyists with Libya, Iraq, Iran, Egypt under the Muslim Brotherhood, and Syria. This is a must read for interested policymakers, academic specialists, and pro-freedom, pro-American activists.
