The Book of Growing (Paperback)

By Wendy Ly Chen

Createspace, United States, 2014. Paperback. Book Condition: New. Jocelyn Tsaih (illustrator). 216 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This book tells the story of a group of kindergartners and college students as they explore what it means to grow. Reading it, children will find out that growing includes learning about their bodies, where food comes from, and beautiful places in the world. The book is a culmination of The Growing Project, a curriculum created by college students working in partnership with a kindergarten class. It is a celebration of children's voices and learners self-worth at every stage of development -- a narrative about and by young people who embark on a journey of discovery that connects their own health and future with that of the world. I like it! -AL, Thorne Kindergarten Student It's awesome! -JM, Thorne Kindergarten Student How can we grow a better world? This question turns a group of children into explorers - of their neighborhood and the neighborhoods of distant continents. They learn that sharing and caring for the world take root when they grow together. Delightful illustrations spark a story that will inspire kids and the...
