This book, written in Dr. Turner's unique college lecture style, has real world, practical suggestions that can be immediately implemented. His straightforward, matter of fact approach effectively conveys important points without fluff. As a former teacher, counselor, and academic dean, his perspective on education is well rounded. His formal education includes two masters degrees, a doctorate in psychology and post-doctoral work in autism and behavior modification. I found the sections on assessment and the IEP process particularly enlightening. This book would be an informative read for any individual involved in the IEP process.
