

River of Enterprise: The Commercial Origins of Regional Identity in the Ohio Valley, 1790-1850

By Kim M. Gruenwald

Indiana University Press. Hardcover. Book Condition: New. Hardcover. 224 pages. Dimensions: 9.4in. x 6.4in. x 0.9in. Gruenwald's book will make the same contribution to historical knowledge of the Ohio Valley as Lewis Atherton's *Frontier Merchant* did for our understanding of the mercantile Midwest in the mid-nineteenth century. . . . a finely crafted narrative that lets the reader understand that the Ohio River always served more as an artery, that is, a river of commerce, than a dividing line or boundary. R. Douglas Hurt, author of *The Ohio Frontier* *River of Enterprise* explores the role the Ohio played in the lives of three generations of settlers from the river's headwaters at Pittsburgh, Pennsylvania, to the falls at Louisville, Kentucky. Part One examines the strategies of colonists who coveted lands Across the Mountains as space to be conquered. Part Two traces the emergence of a new region in a valley transformed by commerce as the Ohio River became the artery of movement in the Western Country. Part Three reveals how relations between neighbors across the river cooled as residents of the Buckeye State came to regard the river as the boundary between North and South. From 1790 to 1830, the Ohio River nurtured...

Reviews

These sorts of pdf is the greatest ebook offered. We have study and that i am sure that i will going to study once more once more in the future. Its been printed in an remarkably simple way and it is only after i finished reading through this pdf through which in fact transformed me, affect the way i believe.
