

Army Health System (Attp 4-02) (Paperback)

By Department of the Army

Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.This publication, Army Health System, provides the capstone doctrine for the Army Health System (AHS) in support of the modular force. The Army Health System is the overarching concept of support for providing timely medical support to the tactical commander. It discusses the current medical force structure modernized under the Department of the Army (DA) approved Medical Reengineering Initiative and the Modular Medical Force that is designed to support the brigade combat teams and echelons above brigade units. As the Army's capstone medical doctrine statement, this publication identifies medical functions and procedures that are essential for operations covered in other Army Medical Department (AMEDD) proponent manuals. This publication depicts Army Health System operations from the point of injury, illness, or wounding through successive roles of care within the theater and evacuation to the continental United States (CONUS) support base. It presents a stable body of operational doctrine rooted in actual military experience and serves as a foundation for the development of AMEDD proponent manuals on how the AHS supports the modular force. The AHS...
