Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Science Of Achievement Made Simple The ones who want to achieve and win championships motivate themselves - Mike Ditka We are all born with an innate need to better ourselves and to achieve. Why is it then that so few of us manage to do it? The answer is due to the fact the so few of us set goals. Studies have shown that only 3 of the population sets goals for themselves and only 1 regularly checks them. And who makes up the ranks of that 1 ? Here are some of the highlights of what I learned and what I share with you: Learning how to define success How to view failure (it can be seen in a positive way) How to work on the little things to make big things happen How to take an accurate snapshot of where you are How you can achieve what you want...
